Dr. Moya first interacted with Temple Israel Ner Tamid in the Fall of 2019 when the synagogue sent a 54' semi-trailer filled with much-needed items for children on both sides of the border wall.

She is nationally recognized for her research on tuberculosis, stigma, women, HIV/AIDS, homelessness and intimate partner violence, and for creating an off-campus macro course of practice to serve the homeless.

Putting the concept of “Tikkun Olum” to work, Dr. Moya truly uses her expertise to better the world. We are honored to welcome her to Northeast Ohio.
